Artistic Free Skating

Duration:	Competition will be held at the Elite Masters, Masters, Gold, Silver and Bronze level for Men and Ladies. The maximum time is 1 minute and 40 seconds but may be less.
-----------	---

The maximum time for Elite Masters Artistic Free Skating will be 2 minutes and 30 seconds, but may be less. This category is intended for those skaters who competed previously at the junior or senior level in national or international competition, for such skaters.
Vocal music is permitted.

The artistic event will be judged **only** on the basis of Presentation Components (program components):

- Skating skills
- Transitions
- Performance/Execution
- Choreography/Composition
- Interpretation/Timing

There will be no technical panel and no technical score given.

The artistic program consists of a variety of skating moves selected for their value in enhancing the skater's interpretation of the music. Skaters will be judged on their ability to interpret the music by movement and by using their skating skills.

The artistic free skate is a competitive program which must include elements of the sport of figure skating. At least one (1) but a maximum of two (2) single jumps and at least one (1) but a maximum of two (2) spins **MUST** be included. No axel or double jumps are allowed. Credit for jumps and spins is based solely on the ability of such movements to enhance the chosen music. Credit will not be given for their technical difficulty.

The program must be developed through skating skill and quality rather than through non-skating actions such as sliding on one knee or excessive use of toe steps which should be used only to reflect the character, rhythm and nuances of the chosen music. The skater must not remain in one place for more than five (5) seconds.

Any element exceeding the maximum number as set forth above will be judged as an illegal element (2.0 deduction); if there is no jump or no spin element included or only a jump and no spin or vice versa a deduction for a "missing element" of 2.0 will be made. The Referee is responsible for such deductions. Costumes should be simple, tasteful and selected to enhance the performance by appropriately reflecting the character of the music and theme.

Props may not be used in any part of the artistic programs. Any item that is held in the hand or removed during the performance is considered a prop. Thus, for example, a hat worn throughout the program is not considered to be a prop, but if it is intentionally removed during the performance it is considered a prop. Objects on the ice, thrown in the audience, placed on the boards or on the judges table are **not permitted**. Costumes that contain particles that may mar or leave anything on the ice surface (feathers, boas, excessive beading) are considered unsafe and are not permitted. The Referee is responsible for prop deductions.

Illegal elements:

- Somersault type jumps
- lying on the ice and prolonged and/or stationary kneeling on both knees on the ice
